

function	count
ribosomal proteins	91
RNA polymerase	33
carbon metabolism enzymes, same proteins	19
carbon metabolism enzymes, different proteins	12
B12 dependent enzymes, same proteins	7
B12 dependent enzymes, different proteins	5
translational apparatus, same proteins	7
translational apparatus, different proteins	4
virus proteins	8
conjugal transfer proteins	4
transcription factors	4
vitamin biosynthesis enzymes	5
dynammin	3
RNA polymerase-ribosomal proteins	69
others	55
