

Figure S7

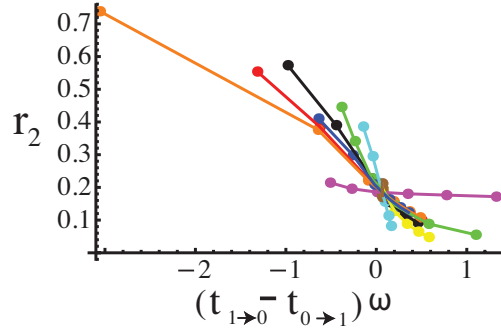

Figure S7: The full plot of Figure 6G. Ten parameters are varied systematically in ± 3 -fold ranges based on their original values given in (D). Each variation corresponds to one curve on the plot. The ten parameters are k_{42a} (red), k_{42d} (black), k_{24d} (pink), k_{24cm0} (magenta), k_{24cm1} (yellow), k_{24mc} (orange), k_{RL} (cyan), k_{RLm} (green), k_{B1cm} (blue), k_{Cla4a} (brown).
